We were not aware of an error made in the proofreading phase; therefore, we wish to make the following correction to Figure 1b from this paper [1].

(1) As shown below, Figure 1b was the same as Figure 1a in the original manuscript.

Figure 1. Upper (a) and lower (b) flow rate values of the northern part of the strait.

The Figure 1b should be replaced with the correct Figure 2b, as shown below. It should be noted that Figure 1a should remain the same as in the original manuscript. In short, below is the complete and correct Figure 2.

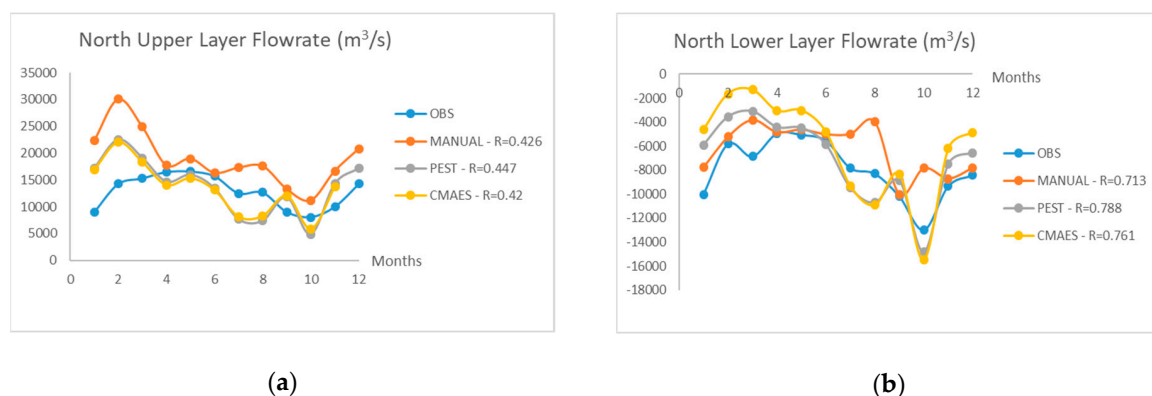

Figure 2. Upper (a) and lower (b) flow rate values of the northern part of the strait.
